Meening for NL-MinDef

Meening for NL-MinDef

- Ease of procuring
- No specific maintenance fees necessary
- Good reporting mechanism

Lessons

- Make use of ALL of the Open Source mechanisms and principles
- Within (or alligned with) the roadmaps of Open Source

Meening for our partners

- Objective: ability to support our partners for secure collaboration
- Side effects
 - Directly supports Italian Armed Forces
 - Directly supports French Gendarmery
 - Indirectly support all others for
 - Secure collaboration
 - Specific compliance (privacy, export controls, etc)

Additional

Wishes

- OwnCloud
- Policy editor
- Policy enforcer
- Tools in Thunderbird (and alike)
- Tools in Alfresco (and alike)
- Perhaps hardened attribute support in Linux stack

Most important

- Everything NL-MinDef has paid for (in Libre Office)
Is directly available for all
- Everything somebody else pays for
Is directly available for NL - Ministry of Defense
- The more organizations participates,
the extra more comes available
for only one time investment

- Personal message added after the presentation

Thank You

- **Nou&Off/Cor Nouws** for so helpful and productive collaboration
- **Collabora (Miklos, Michael and others)** for achieving so good results
(more than was agreed upon)

Questions

-
